## Your questions, answered

*Same medications. Same manufacturers. Just a lower price.*

### ● Is it safe?

Yes. Your medications arrive in their **original, factory-sealed** manufacturer packaging from **licensed, certified pharmacies**, and your benefit stays fully insured.

### ● Is it regulated?

These are the same brand-name drugs, made by the same manufacturers, dispensed by pharmacies regulated by national health authorities in **Canada, the U.K., Australia & New Zealand** — standards on par with the U.S. FDA.

### ● What's the cost?

Nothing. **\$0 copay, \$0 shipping**, no hidden fees. You save — and so does the Trust's health plan, which helps keep **everyone's** benefits affordable.
