### HAMPSHIRE COUNTY GROUP INSURANCE TRUST 88 KING STREET NORTHAMPTON, MA 01060

TO: All Member Trust Units

RE: Minutes of September 11, 2025

Insurance Advisory Committee
Via Zoom Teleconference

#### **MEMBERS PRESENT:**

Julie Wonkka Catherine Levreault Joanne Misiaszek Jane Wolfe Susan Bobe Cara Leach Sarah Reynolds Ashley Obrzut Meg McWherter Rachel Emerson Paula Harrison Sean MacDonald Allan Kidston Sarah Kimball Rich Carmignani Jr **Emily Russo** Jennifer Watroba Liz Bouchard Jan Ameen Linda Gross Kristine Mathis Tina Cote Shelley Poreda **Stacy Stewart** Ray Purington Steve Nally Maureen Humphrey Lauren Wilcox Patricia Rutkowski Tammy Wendolowski Virginia Gabert Hilma Sumner Saul Aguilar Sharon Ashleigh Jennifer Peloquin Ryan Mailloux Eileen Seymour Jessalyn Zaykoski Michele Turner Kristen Cormier Taffy Bassett-Fox Andera Crete Brooke Shulda Angelina Bragdon Kari Scytkowski Barbara Miller Donna Whiteley Meghan Kane Lisa Courchaine Nadine Cignoni Jennifer Boulais Elizabeth Sullivan Steve Deloye Regina Purinton Jennifer Day

#### **OTHERS PRESENT:**

Joseph SheaCynthia GravesJessica HebertMichele KomosaJohn GarrishLynn DyerMary HouleNadine CoughlinAmber RobidouxCindy SchofieldChuck RombolettiLori HallAndrew LevineMarc RichardMildred Colon

#### **CALL TO ORDER**

In compliance with the Governor's orders suspending certain provisions of the open meeting laws due to Covid-19, this meeting was held via Zoom telephone/video conference.

Chairman Rich Carmignani, Jr. called the meeting to order at 10:02 a.m. with a quorum present of 97.42% of the weighted vote.

#### FINANCIAL REPORT

#### Cash Flow July and August 2025

Joe reviewed the actual cash flow for July and August. Joe explained there was another spike in claims for August of an additional \$1.8 million. Joe asked BCBS to review the cause in the spike between July and August. They stated an increase number in large claimants showing and increase from 3 to 13 people with claims over \$70k. Joe stated the October premium invoices just went out so we're hopeful with the new rate increase will help with our current cash flow.

#### SPECIAL OPEN ENROLLMENT

Joe stated we saw 72 subscribers change from the PPO to the HMO with approximately 14 members that cancelled their coverage due to the 10/1 increase.

#### **LEGISLATIVE UPDATE**

Joe stated he reached out to the legislators in July to request financial assistance to both the Trust and the Units. He has met with them 2 times, the last meeting, on August 1<sup>st</sup>, included various other state representatives and departments. After that meeting the legislators requested an immense amount of reporting and information from the Trust for review with a deadline of just a few days; the information was provided. Joe stated he hasn't heard from them again with any further requests or questions to date. He has a meeting scheduled with them tomorrow.

#### GIC

Joe stated the GIC seems to have reached out to all the Trust units offering their services. Units have also received information from MIIA. There is a GIC information session scheduled for this morning and a MIIA session scheduled for next week. Joe stated the GIC has multiple insurance carrier offerings, deductibles on their plans and many with tiered copays. MIIA offers a more flexible plan structure but sets rates for units individually based on performance, grouping smaller units together. Units changing to a different insurance entity would need to go through 32B, sec 21-23, for bargaining with their unions due to the change in plans.

#### **REQUESTS FOR CLAIM DATA**

Joe explained we have received 10 requests so far for claims data information. We can only provide this information for units with over 100 subscribers – we cannot provide this to anyone under 100 per BCBS and HIPPA guidelines. The turnaround time is typically 4 weeks, but with so many requests, BCBS is backlogged so they are taking longer.

#### **HIGH DEDUCTIBLE PLAN (1/1/26)**

Joe stated he and the EC do not recommend a High-Deductible plan to be offered for 1/1/26. A high-deductible plan will not help the Trust financially. It would also penalize any member that joined it because the deductible would reset again after 6 months.

#### **INPUT ON 7/1/26 PLAN CHANGES**

Joe explained some of the things the EC has been discussing for 7/1/26 changes such as keeping our current plan but pricing it more accordingly, changing copays, or adding deductibles. The EC will continue their discussions and are open to any feedback from units.

#### **LAST MINUTE ITEMS**

There were none at this time.

#### **ADJOURNMENT**

Chairman Rich Carmignani, Jr. adjourned the meeting 11:30 a.m.

Respectfully submitted, Cynthia Graves

#### **MEETING SCHEDULE**

### 88 King Street Northampton, MA 01060

Date:

October 9, 2025

To:

**HCGIT Member Units** 

From:

Joe Shea, Executive Director & HCGIT Executive Committee

Subject:

Financial update, planning for 2027, and important dates

This memo updates HCGIT member units on the Trust's finances, covering actual results from the first three months and projections for the remainder of the year. It also highlights 2027 planning considerations and answers the most frequently asked questions since the July 30, 2025, IAC meeting.

#### **Quarterly Financial Update**

July-September 2025

#### Revenues

Premiums collected in September reflect the 10/1/25 20% rate increase. Revenues collected were \$1,717 short of projections.

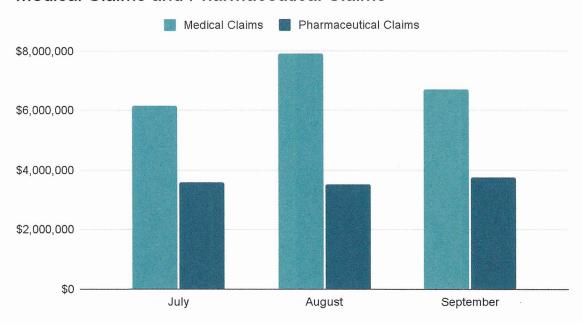

#### **Expenses**

Medical claims paid on behalf of Trust subscribers and dependents were higher than budgeted by \$1,625,688 during the first quarter. There was an increase in high-dollar claims (those over \$70K) was the driving force of the increase.

Pharmaceutical claims were also higher than anticipated by \$138,830. The spike in claims could be related to a rush of subscribers filling their GLP-1 prescriptions prior to the 10/1 formulary change.

Overall, Trust expenses were \$1,755,533 higher than planned in the first quarter, with claim payments being the driving factor for the overage.

#### Medical Claims and Pharmaceutical Claims

#### Assets

Cash Accounts	June Ending Balance	September Ending Balance
Operating Accounts	\$5,840,650.23	\$7,648,558.46
Certificate of Deposit	\$1,253,632.84	\$1,268,178.34
Portfolio Account	\$3,364,488.66	\$0.00

Asset Type	June Ending Balance	September Ending Balance
Cash	\$10,793,669.50	\$9,255,150.64
Other	\$4,456,131.78	\$1,479,153.64

Total Assets \$15,249,801.28 \$10,734,304.28	Total Assets	\$15,249,801.28	\$10,734,304.28
--	--------------	-----------------	-----------------

#### **Net Change in Assets**

June 30, 2025, to September 30, 2025: \$4,515,497

#### **FY26 Projections**

The financials presented at the 7/30/25 IAC meeting demonstrated an end-of-year gain of \$5,755,400 after the 20% 10/1/25 rate increase. Considering the above quarter 3 actual financial data, the updated end-of-year projection is \$3,827,867. The projections account for the GLP-1 change, the 20% 10/1 rate increase, and allocate a buffer for claim expenses that should provide financial stability for the remainder of this year. With that said, continuously high claims will further hurt the cash flow and cash reserves of the Trust. The Executive Committee (EC) is closely monitoring the Trust's finances month to month.

#### Planning for Insurance Year 2027

#### Medex (VOTE)

To plan for open Medex enrollment, the IAC will vote today to set the rate for the upcoming Medex plan year.

A 19% rate increase to the Medex insurance plan for the period of 1/1/26-12/31/26 is recommended by the executive director (ED) and unanimously supported by the executive committee (EC).

Monthly Premium 2025	Proposed Premium 2026	Monthly \$ increase	% increase
\$416.00	\$495.00	\$79.00	19.00%

This rate increase ensures that all costs for Medex subscribers are covered for the upcoming plan year and provides the Trust with additional revenue to support financial stability.

With the above rates, prescription copays would increase, effective 1/1/26, as follows.

Tier	Current Retail Cost	Proposed Retail Cost	Current Mail Cost	Proposed Mail Cost
1	\$10	\$10	\$20	\$20

2	\$20	\$25	\$40	\$50
3	\$35	\$50	\$50	\$110

The increased prescription copay reduces what the Trust pays to the federal government in Medex prescription fees.

NOTE: Medex open enrollment will be managed by each individual unit for the 1/1/26 plan date. The Trust will not administer Medex open enrollment. Units will be provided with a cover letter and materials for distribution. Units can reach out to the subscribers' retirement board to obtain address information, if needed.

#### CanaRx Change (VOTE)

As of 1/1/26, the CanaRx plan will no longer be available to Medex subscribers. All Medex subscribers will fill prescriptions through their Blue Medicare Rx plan. Note: this change impacts 35 current retired subscribers currently utilizing the CanaRx plan. When the Trust moved to its current Medex2 with PDP plan, several subscribers were utilizing the CanaRx plan. These subscribers were allowed to remain on the plan even though it was no longer available to new retiree subscribers. The Trust will notify subscribers of this change. Units with retirees impacted by this change will be notified by the Trust.

#### **Employee and Non-Medex Retiree Insurance Plan**

The Trust is working with John Garrish of BR Fox & Associates to obtain quotes on plan options and rates from insurance carriers for the 7/1/26-6/30/28 insurance year. Blue Cross Blue Shield will also provide the Trust with alternative plan options. The EC will review plans and rates in November and December and bring recommendations to the IAC in January. The vote for 7/1/26 plans and premiums will likely be made in February.

#### HAMPSHIRE COUNTY GROUP INSURANCE TRUST 88 King Street Northampton, MA 01060

#### FREQUENTLY ASKED QUESTIONS

#### Q: Who is Hampshire County Group Insurance Trust (aka HCGIT or the Trust)?

A: HCGIT is a joint purchasing agency (JPA) established under MGL Ch32B, Section 12. The Trust exists for the purpose of providing group life insurance, group accidental death and dismemberment insurance, and group general or blanket hospital, surgical, medical, dental, and other health insurance to or for the employees of the member communities. The Group Insurance Trust is authorized to provide such insurance and benefits as permitted by M.G.L. Chapter 32B or other provisions of Massachusetts law.

#### Q: Who does the Trust insure?

A: The Trust insures 12,000+ active and retired municipal employees and their dependents from 73 member units located across Hampshire, Franklin, Hampden, and Worcester Counties.

#### Q: How is HCGIT governed?

A: An Executive Director (ED), appointed by the Insurance Advisory Committee (IAC) oversees the day-to-day operations of the Trust. The ED recommends plan changes and premium rates to the Executive Committee (EC).

The <u>EC is a 9-member board</u> elected by the IAC. The EC supports the ED in making decisions and recommendations that will be voted on by the IAC.

The <u>73-member IAC</u> is the decision-making body of the Trust. IAC members are appointed by the unit's governing body. Annually, members vote to establish plans and premium rates. The IAC has a responsibility to make decisions in the best interest of the Trust, not in the interest of its individual unit.

The ED and EC normally meet monthly. The IAC normally meets quarterly. Both groups have been meeting more frequently, given the recent plan and premium changes. Financial statements and claim data are presented to the IAC by the ED at each meeting, along with recommendations for policy, plan, or premium rate changes.

#### Q: How is information disseminated to member units?

A: Meeting packets, including agendas, minutes, and financial information, are emailed to the IAC before each meeting and are also posted online at <a href="https://example.com/hcgit.org">hcgit.org</a>. IAC members are expected to share information with their governing bodies.

#### Q: How does a municipality or other eligible entity join the Trust?

A: Units seeking or applying to join the Trust are screened by the ED and the EC. The underwriting process will consist of a two (2) year review of claim experience, along with a review of large claims during this time period. Other factors to be reviewed include current health plans in place and their current rates. Unit census will also need to be provided. The new unit will pay a claim deposit equal to 3 months of prospective claims as a condition of joining the Trust.

#### Q: How and when are plan changes and premium rates set?

A: The IAC votes on plan changes and premium rates. Historically, rates are set six months before the new insurance year begins (in January for July).

The ED recommends premium rates to the EC and the IAC based on:

- · Historical medical claim data
- Historical pharmaceutical claim data
- Trust cash reserves
- Medical trends

While previous claim data is considered, the Trust is making decisions up to 18 months in advance of claims being made.

The ED consults with current carriers (i.e. BCBS, CVS Caremark) regarding claim history and current trends, as well as an independent consultant (currently John Garrish of BRFox) to make the most informed recommendation to the EC and IAC about rates.

#### Q: What is the premium rate history of the Trust?

#### A:

Fiscal/Insurance Year	HMP/PPO Increase	Medex Increase
2021	0.00%	-3.00%
2022	-2.00%	0.00%
2023	6.00%	4.60%
2024	8.00%	5.30%
2025 (7/1/25)	18.00% HMO / 20.00% PPO	15.30%
2025 (10/1/25)	20.00%	0.00%
2026	TBD	19.00% (to be voted for 1/1/26 change)

In 2021 and 2022, the Trust had cash reserves of approximately 3 months of expenditures (\$25-30M) when rates were set. This, combined with a steady claim history that was at or below the level-funded claim payment to BCBS, resulted in an IAC vote of no rate increase for several insurance years.

In the next two years, the IAC voted for 6 & 8% increases to cover increasing claims and preserve cash reserves.

Rapidly rising medical and pharmaceutical claims in insurance year 2025 resulted in a significant loss of cash reserves, which led to a 7/1/25 premium increase of 18/20%. Due to continued pharmaceutical claim spikes, the Trust also eliminated GLP-1 drugs for weight loss from its plan coverage effective 10/1/25. Additional new unforeseen claim growth between January 2025 and June 2025 caused further loss of cash and warranted a mid-year rate increase of an additional 20% on 10/1/25.

Rates for 7/1/26 will be set in before March 2026. Given the current insurance landscape, a double-digit increase is expected.

Q: How do the current Trust plan and rates compare to other Trusts, such as the Massachusetts Interlocal Insurance Association (MIIA) or the Commonwealth of Massachusetts Group Insurance Commission (GIC)?

A: Historically, HCGIT insurance plans have provided better benefits at a lower cost than MIIA or the GIC.

Like the Trust, MIIA plans are customizable, and members have a say in what is offered to their employees and retirees. MIIA rates are determined based on the member unit's prior claim history, whereas members of the Trust share the claim risk, and rates are set for the entire IAC.

GIC plans and rates are determined by the GIC. Members of the GIC do not have a vote in decision-making.

The current GIC plans and rates can be found here.

GIC plan types and rates vary; however, the premiums outlined below demonstrate that the Trust rates (including the mid-year increase) remain competitive with the lowest premium GIC HMO plan after adding in the deductible.

Plan Type	Trust	GIC	GIC Harvard Pilgrim
	BCBS HMO/Month	Health New England	Explorer POS/Month
		HMO/Month	(Benchmark Plan)
Individual	\$1,007.00	\$859.36 + deductible	\$1,187.97+deductible
Individual +1	\$2,344.00	NA	NA
Family	\$2,888.00	\$2,061.16 + deductible	\$2,941.06+deductible
Deductible	\$0.00	\$400 per individual \$800	\$500 per individual \$1,000
		per family	per family

Trust Medex/Month	GIC Harvard Pilgrim Medicare Enhanced/Month	GIC Health New England Medicare Supplement Plus/Month
\$416.00	\$468.22	\$470.71

Q: How do member units benefit from being in the Trust?

#### A:

- Input and control over benefits and premiums: Each member unit has a vote in decision-making
- Benefit-rich plans and employee+1 plans
- Local service

JPA	Plan Input	Premium Input	Deductibles (current plans)	Tiered Co-Pays (current plans)
HCGIT	YES	YES	NO	NO
GIC	NO	NO	YES	YES
MIIA	YES	NO	Possible	Possible

#### Q: What does a member unit need to do when plan changes are proposed?

A: Member units with employees who are subject to collective bargaining (i.e. Teacher Unions) may need to negotiate plan changes before implementation.

MGL Ch32B, Sections 21-23 must be adopted by the unit's governing body to make plan changes for union employees. Plan changes that result in savings for the unit in the first 12 months must be shared with subscribers. The cost share to employees is capped at 25% of the total savings. Without adoption of this MGL, benefits for union employees cannot be reduced unless the unionized group agrees to voluntarily negotiate.

#### Q: How does a member unit leave the Trust?

A: Written notification is required at least 90 days before the renewal date and start of a new plan year. The unit will be responsible for unpaid claims (aka claim run-off) for up to 18 months following separation.

If requested by the unit, a member unit with greater than 100 subscribers can obtain historical claim information from the Trust. In order to protect subscribers and avoid a HIPAA violation, historical claim data cannot be provided for units with fewer than 100 subscribers.

#### Q: What does it cost a member unit to leave the Trust?

A: The true financial cost to a member unit when they separate from the Trust cannot be calculated in advance. Per the Trust Agreement, the unit shall remain fully liable for all costs, fees, and premiums incurred by the Trust relating to that member's participation in the Trust. The Trust may deduct from a member's claim deposit any unpaid claims; however, unpaid claims would likely exceed the deposit. In such instances, the member unit will be responsible for paying those claims, which would be billed monthly. Any remaining claim deposit will be held until 18 months after the effective date of the unit's withdrawal from participation.

#### Q: How are the remaining member units impacted if a large number of units leave the Trust?

A: HCGIT can still operate effectively if some units leave the Trust. How this will financially affect the Trust and remaining member units is unknown. The separating unit could have a high claim history, and its departure would reduce the claim risk and positively impact the financials and potentially lower future premium rates. Alternatively, the exiting unit could have a low claim history while other remaining units have historically higher claims. In this scenario, the risk would be spread amongst a smaller number of units and could result in a higher premium for those remaining.

### Q: Is the Trust financially viable given the loss of cash reserves and the pattern of high claims?

A: The end-of-year projected net income for the Trust is \$3,980,229. This projected surplus provides approximately \$500,000 for additional claim growth per month. With that said, continuously high claims will further hurt the cash flow and cash reserves of the Trust. Based on today's year-to-date financial information, the EC believes the Trust will be in a stronger financial position in June 2026. The EC is closely monitoring the Trust's finances month to month.

#### Q: What happens if the Trust has to cease operation?

A: The Trust was created as a group. Should dissolution be necessary, the Trust will work together to provide support through the transition so employees and retirees are taken care of. With the ED, the EC will formulate and communicate a plan to member units in as timely a manner as possible. The dissolution plan would be voted on by the IAC.
